

POOPTIN Whitepaper

POOPTIN is a community-driven ERC-20 token created with the aim of supporting Ukraine and raising awareness about issues related to authoritarianism. Half of the total token supply, 7,500,000,000 POOPTIN, will be allocated to Ukrainian NGOs to provide critical aid. Additionally, POOPTIN will enable the creation and sale of unique NFTs, bridging the gap between art, technology, and social impact.

1. Introduction

1.1 Background

POOPTIN is a playful and community-driven ERC-20 token that brings attention to the issues of authoritarianism while supporting Ukraine through charitable contributions.

1.2 Purpose

Our purpose is to use humor and art to shed light on important global issues, provide tangible aid to Ukrainian NGOs, and promote social change.

1.3 Vision

We envision a world where art, technology, and social impact converge to make a meaningful difference in the lives of those affected by authoritarian regimes.

2. Tokenomics

2.1 Token Name and Symbol

Name: shitdimir POOPTIN

Symbol: POOPTIN

2.2 Total Supply

A total of 15,000,000,000 POOPTIN tokens will ever exist.

2.3 Distribution

50% (7,500,000,000 POOPTIN) allocated to Ukrainian NGOs.

15% for NFT design

15% for ecosystem reserve

10% for the founding team and advisors

10% for launchpool and liquidity markets

2.4 Utility

POOPTIN tokens can be used for:

- Support Ukrainian people against evil russia
- Purchasing NFTs on the POOPTIN NFT marketplace.

2.5 Governance

POOPTIN holders will have a say in the project's development through a decentralized governance system.

3. NGO Support

3.1 Allocated Funds

The 7.5 billion POOPTIN tokens allocated to Ukrainian NGOs will be converted into the local currency to provide critical aid in various forms, including humanitarian assistance and infrastructure development.

3.2 Multi-Signature Wallets

Funds will be held in multi-signature wallets to ensure transparency and accountability. Decisions regarding fund allocation will involve community input.

3.3 Transparency and Accountability

Regular reports on fund usage and outcomes will be published, allowing the community to monitor the impact of their contributions.

4. NFT Marketplace

4.1 AI and Human-Created NFTs

POOPTIN's NFT marketplace will feature a blend of AI-generated and human-created NFTs, creating a diverse and engaging collection.

4.2 POOPTIN as a Payment Method

Users can buy NFTs on the marketplace using POOPTIN tokens, supporting both artists and the charitable cause.

4.3 Artistic Collaboration

We encourage artists worldwide to collaborate on NFT creation, fostering a global community of creators.

4.4 Social Impact

A portion of NFT sales will be directed to support Ukrainian NGOs, amplifying the project's social impact.

5. Community Engagement

5.1 Governance and Voting

POOPTIN holders can propose and vote on project changes and initiatives, ensuring a decentralized decision-making process.

5.2 Partnerships and Alliances

We aim to build partnerships with other projects and organizations that share our vision for social impact.

6. Security and Transparency

6.1 Smart Contract Audit

A thorough smart contract audit will be conducted by a reputable third-party firm to ensure the safety of the ecosystem.

6.2 Regular Updates

Community updates and transparency reports will be released regularly to keep stakeholders informed.

6.3 Community Oversight

We value the watchful eye of the community and will encourage responsible disclosure of any security issues.

7. Roadmap

7.1 Short-Term Goals

Launch token and distribution.
Begin NFT marketplace development.
Initiate multi-signature wallet setup for NGOs.

7.2 Long-Term Vision

Expand NFT marketplace functionality.
Establish partnerships for greater impact.
Continue supporting Ukraine and promoting awareness.

8. Conclusion

POOPTIN is more than just a meme token; it's a catalyst for change. Join us in creating a world where humor, art, and technology converge to make a positive impact on society. Together, we can support Ukraine, raise awareness about authoritarianism, and foster a global community of creators and change-makers.
